

New Chairman / New Direction King William TEA party

I want to take the opportunity to introduce myself to the citizens of our beloved King William County. My name is Scott Wassenberg, a Christian husband to Michelle over 30 years, father to 10 homeschooled children, the grandfather to 13, and a self-employed member of this community since 2000. I have been the elected chairman of the local TEA Party since the Fall of 2022. We are greatly concerned with the direction our country/county is heading, hence my involvement with this honorable group of concerned citizens.

We as Americans have lost our vision and sense of pride. This great nation was founded upon the Holy Scriptures and the implementation throughout the lives of its citizens. We are like a great ship that has lost its rudder..... set adrift from our mooring.

John Adams, the second president of our United States stated,

“Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other.” Until we accept, embrace, and return to our founding we will fail. We must be brave enough to speak the truth in love to correct the direction of our country/county. Facts not feelings will lead us.

Come and hear from our guest speaker Ken Peterson:

Ken is fast becoming a trusted advisor who cast a brave vision for Goochland County over 10 years ago and revolutionized its local government. We will be using Ken’s successful vision as outlined in his published work, “The Goochland Revolution” here in King William. It is a vision of fiscal and personal responsibility that necessitates the involvement of all in this county that are fed up with the status quo. We cannot accomplish this without your grassroots involvement. Come and be prepared to get involved to enact positive change this November 2023 election. This is a multi-year vision. We cannot do this without your help. We are your servant leaders.
